*IN MEMORY OF
DAVID NAKAYA
1934-1975*

1972

1974

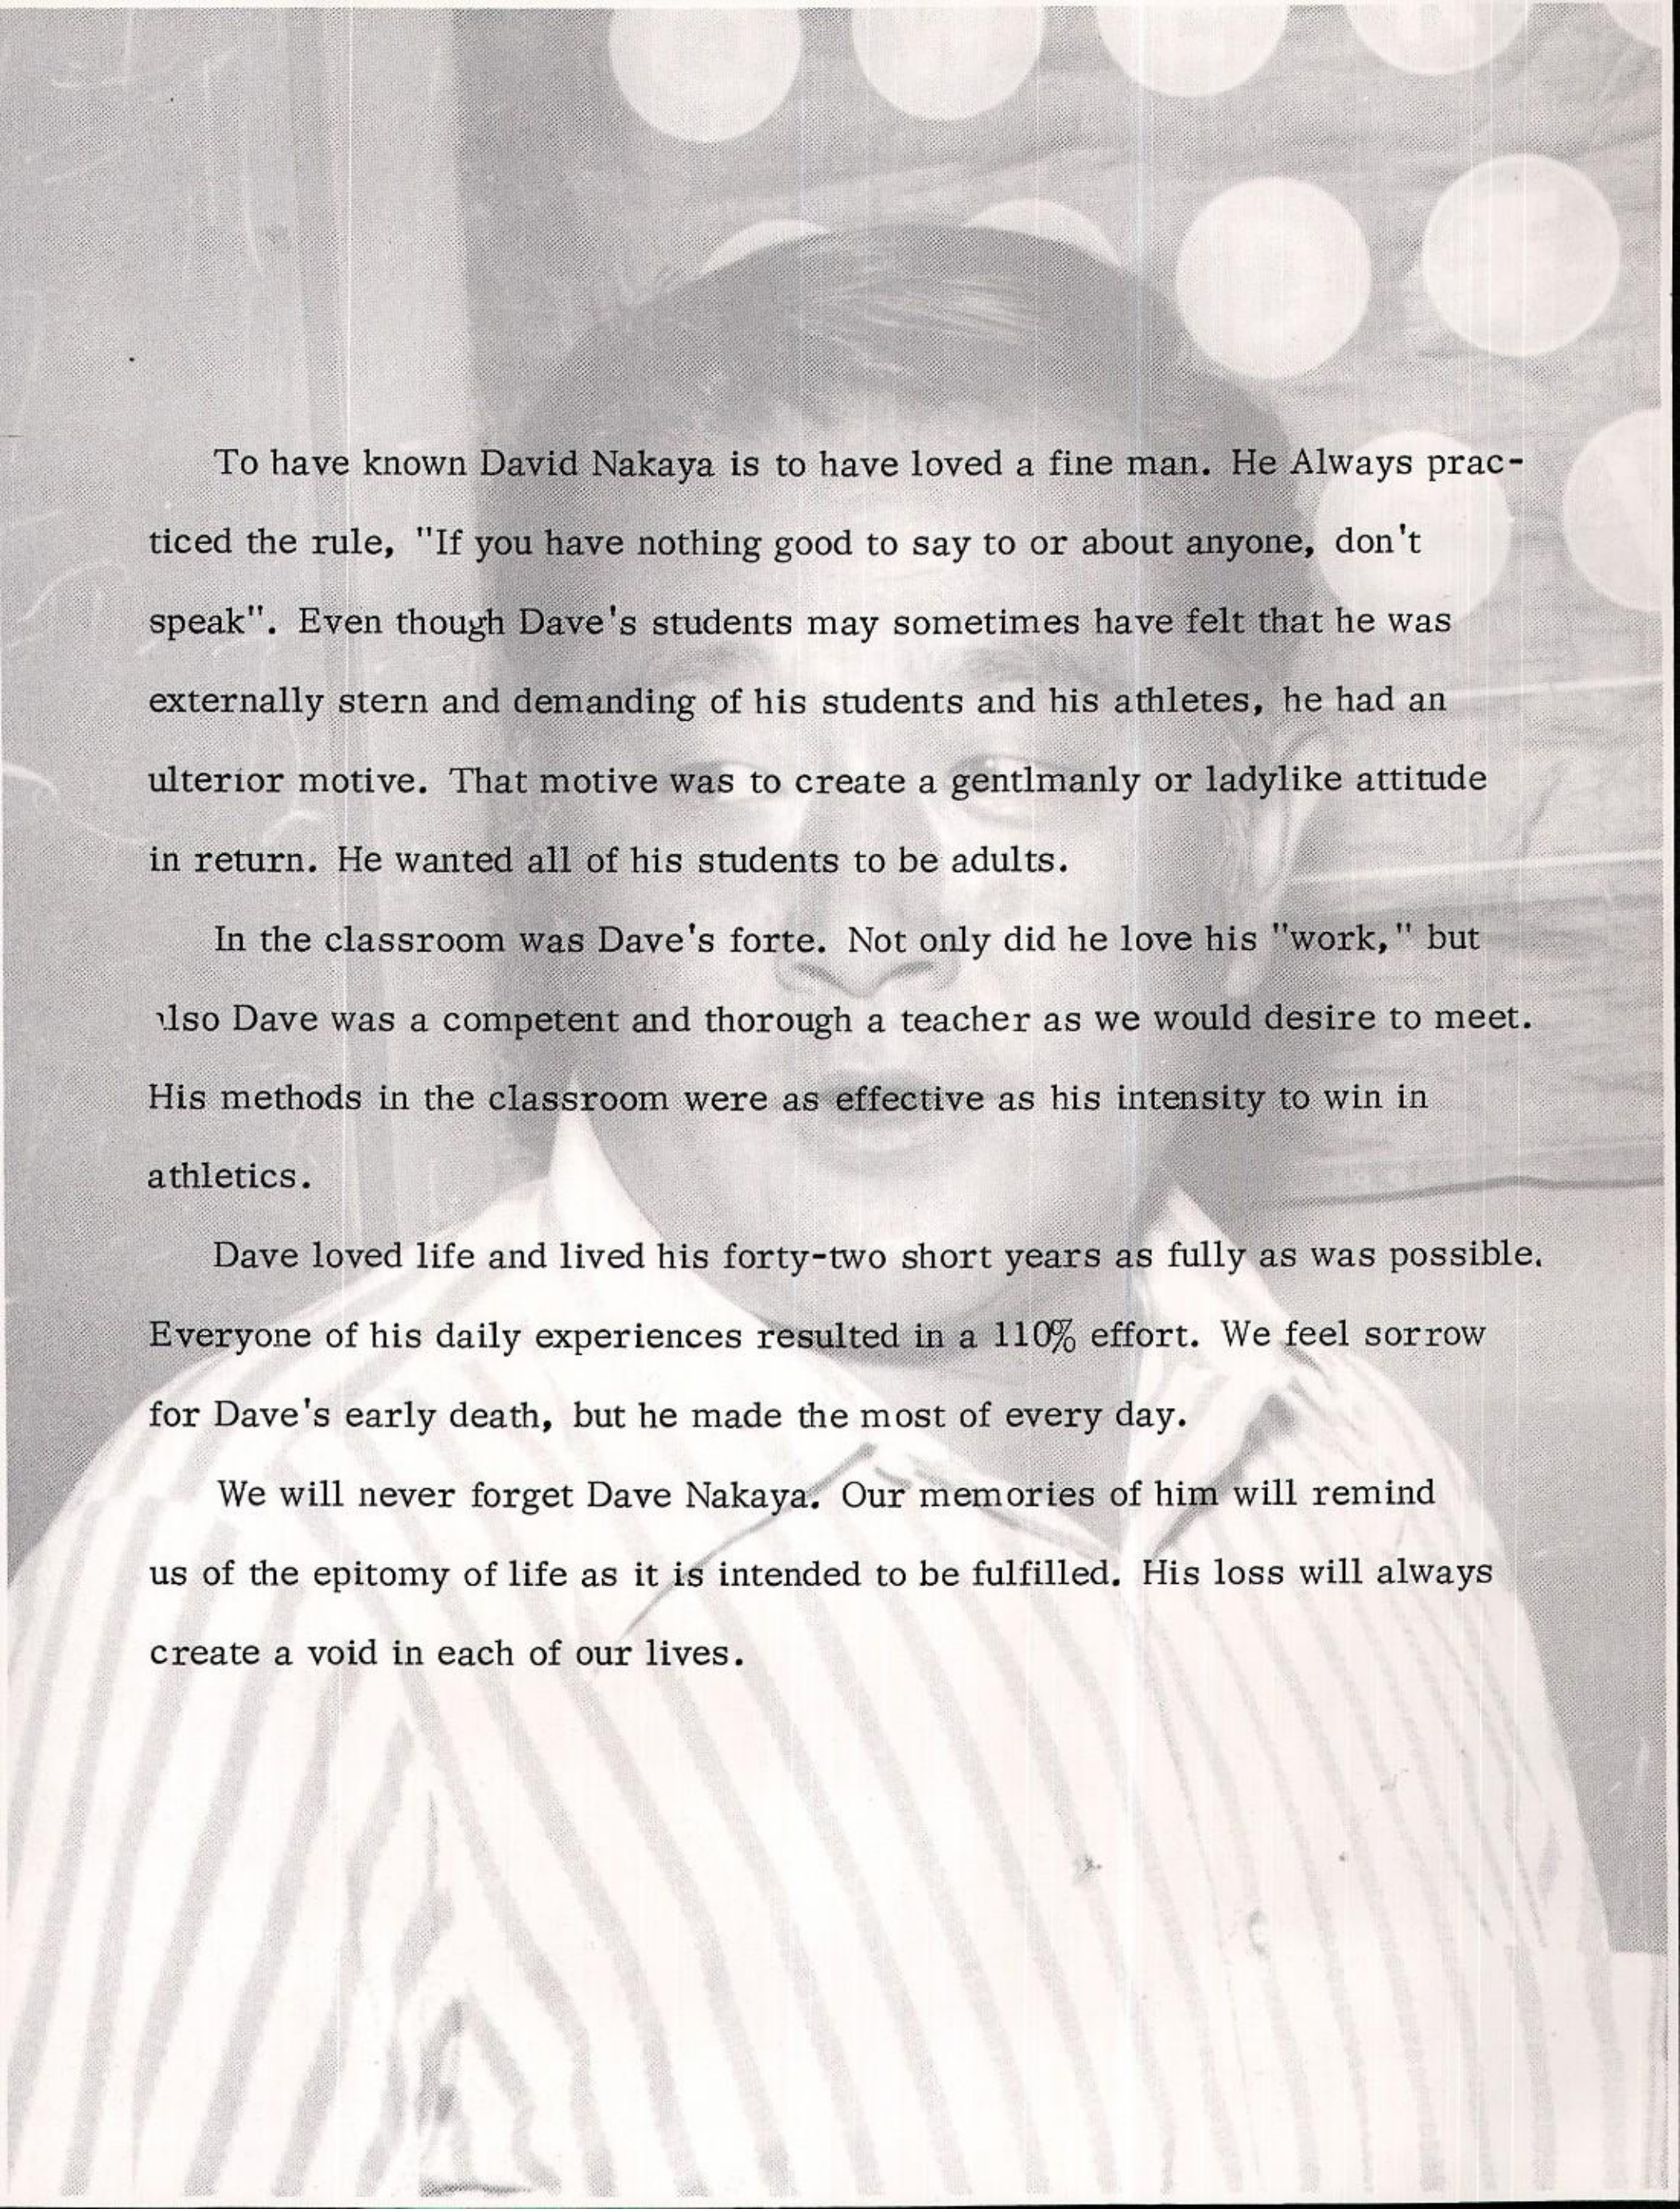

1975

1970-1971

1975

To have known David Nakaya is to have loved a fine man. He Always practiced the rule, "If you have nothing good to say to or about anyone, don't speak". Even though Dave's students may sometimes have felt that he was externally stern and demanding of his students and his athletes, he had an ulterior motive. That motive was to create a gentlemanly or ladylike attitude in return. He wanted all of his students to be adults.

In the classroom was Dave's forte. Not only did he love his "work," but also Dave was a competent and thorough a teacher as we would desire to meet. His methods in the classroom were as effective as his intensity to win in athletics.

Dave loved life and lived his forty-two short years as fully as was possible. Everyone of his daily experiences resulted in a 110% effort. We feel sorrow for Dave's early death, but he made the most of every day.

We will never forget Dave Nakaya. Our memories of him will remind us of the epitomy of life as it is intended to be fulfilled. His loss will always create a void in each of our lives.
